CALIFORNIA TELEHEALTH POLICY COALITION

CALIFORNIA
Legislation and
Regulation Tracking

[SEE FULL DETAILS](#)

In 2011 when AB 415, the Telehealth Advancement Act, was winding its way through the legislative process, an ad hoc group of statewide organizations supporting the bill formed. Including such groups as the California Primary Care Association, the California Hospital Association and the California Rural Health Association, these groups met in meetings convened by CCHP in order to be apprised of any developments around AB 415 and share information with each other.

With the successful passage of AB 415, the group continued to meet and eventually formed into the California Telehealth Policy Coalition. From a handful of organizations, the membership has grown to include over eighty-five entities that include consumer groups, medical systems, payers, providers, technology representatives and others. CCHP continues to act as the convener of the Coalition and hosts monthly conference calls with continued support from the California Health Care Foundation in this work.

Services	Expanded types of services eligible
Reimbursement	Parity
Providers	Allowed other providers such as allied health pros
Licensing	Waived some requirements

- Private payer orders range from encouragement to cover telehealth to more explicit mandates
- Relaxed some health information protections

2021 Trends

➤ Federal Activity

- CCHP tracking over 100 pieces of federal telehealth legislation
- Re-introduction of bills to make some of the temporary changes permanent
 - Removing originating site restrictions, adding audio-only, parity, mental health focus
- CMS Proposed Physician Fee Schedule
 - Extending some temporary eligible telehealth services – just Category 3 until end of CY 2023
 - Expansions for audio-only and FQHC/RHCs but many caveats and limited to mental health

➤ State Activity

- Payment parity
 - Reimbursement limits by service, provider, modality
- Audio-Only
- Licensing for out of state providers
- Data requirements/workgroups established
- Broadband (infrastructure, affordability, digital literacy)

PERMANENT FEDERAL TELEHEALTH POLICY UPDATES

ADMINISTRATIVE

- *Physician Fee Schedule Changes*
 - Added some services from the temporary list to the permanent list
 - Created a “Category 3” for approval of services. Temporarily allows some services to continue to determine if they should be permanent

Proposed changes extend Category 3 until end of CY 2023 and allow audio-only for mental health services with many caveats

LEGISLATIVE

- *HR 133*
 - Added rural emergency to originating site
 - Expansion of mental health services to be without geographic restriction and allows the home
 - BUT - one in-person visit with telehealth provider within 6-month period prior to telehealth encounter
 - Additional funding for broadband and FCC Telehealth COVID-19 Program

PERMANENT STATE UPDATES: MEDICAID REIMBURSEMENT BY SERVICE MODALITY (Fee-for-Service)

Live Video
50 states and DC

Store and Forward*
22 states

**Some states reimburse this modality solely as part of Communication Technology-Based Services, which have their own separate codes and reimbursement rates.*

Remote Patient Monitoring*
29 states

Allow audio-only*
22 states

As of Fall 2021

STATE REIMBURSEMENT REQUIREMENTS FOR PRIVATE PAYERS

43 states and DC
have telehealth private payer laws

20 States have
Payment Parity
(almost half are new)

Some states have “service parity” others have “payment parity” or both – in addition, some make their telehealth private payer laws “*subject to the terms and conditions of the contract*” which can limit true parity

As of Fall 2021

EXAMPLES of 2021 STATE UPDATES

Payment Parity and Audio-Only

- Expanding coverage to audio-only (RI, KY, TN)
- **WA [HB 1196](#)**: Expands existing payment parity laws to include audio-only as well – also for RHCs

Licensing/flexibility for out of state providers (WV, KS, NY)

- **AZ [HB 2454](#)**: Allows out-of-state providers to deliver services via telehealth under certain circumstances
- At least 10 states entered into one or more licensing compacts

Data requirements/workgroups established (MN, MD, RI, AZ)

- **NV [SB 5](#)** – Requires Dept. to establish an electronic tool to analyze certain data concerning access to telehealth and creation of a data dashboard for analysis of data related to telehealth access by different groups and populations

Limited extension of emergency policies (MD & MN – audio-only and parity – until June 30, 2023)

- **CT [HB 5596](#)**: Extends some policies allowing audio-only until June 30, 2023

Updating Private Payer Laws

- Payment parity requirements (8 new states) – Many with limits by service, provider, modality
- Prohibiting insurers from contracting with just one telehealth company (AR, AZ)

2021 CALIFORNIA TELEHEALTH LEGISLATION

- **AB 133 – Extends Medicaid Expansions**
 - Extends temporary Medi-Cal telehealth policies to December 31, 2022
 - DHCS to convene advisory group regarding telehealth billing protocols
 - Protects pre-COVID-19 policies, including store-and-forward
 - Allows DHCS to authorize RPM with a separate fee schedule
 - Creates Children & Youth Behavioral Initiative – Incentivizes school-based telehealth

- **AB 457 – Expands Private Payer Protections**
 - Updates private payer law – removes contract specific language
 - Patient choice and third party telehealth provider protections

2021 CALIFORNIA BROADBAND LEGISLATION

SB 156 – \$6 Billion Investment

- Middle Mile Broadband Infrastructure – construction of state-owned open-access broadband middle mile (\$3.25 Billion)
- Broadband Last Mile Support – Last mile funding (\$2 billion total, staggered out over 2021-24)
- Loan Loss Reserve – Allows counties to acquire funding for acquisition, construction and improvement of broadband infrastructure and operate a broadband services (\$750 million)

New California Workgroup Process

Workgroup Charge

The charge of the workgroup is to advise DHCS on how to refine its telehealth policies to ensure the policies are designed optimally for a post-PHE world.

- » **Billing and coding protocols:** What codes and modifiers should be used to delineate when services are delivered by telehealth and whether services are video or audio-only.
- » **Ongoing monitoring and evaluation:** How DHCS should measure and review telehealth utilization to facilitate consumer protection and Medi-Cal program stewardship.
- » **Utilization management:** What standards and protections should be in place to ensure expanded telehealth coverage increases access, supports high-quality care, and reduces health disparities, among other goals.

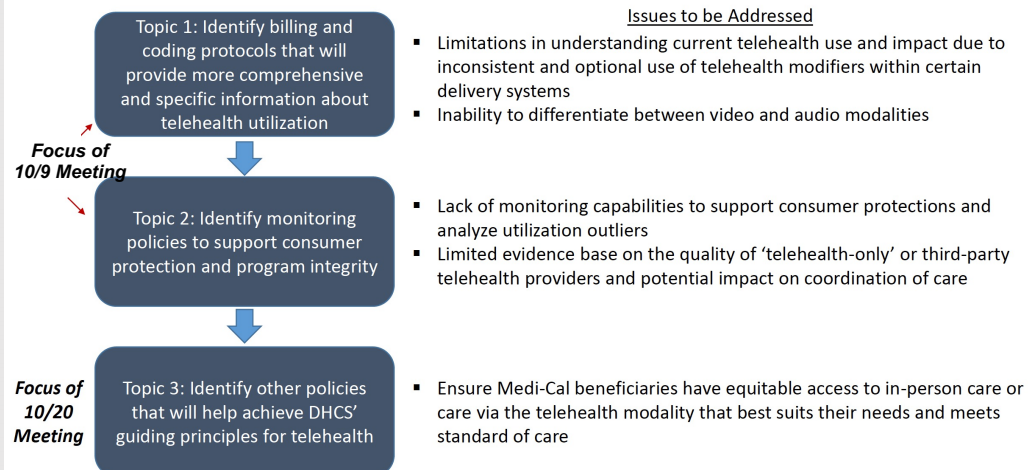

Next Scheduled Meeting:

- October 20, 2021 (Wednesday; time not yet released, hold 9:00 am – 1:00 pm)
