Telehealth Insurance Coverage

**Description**
Amends the Illinois Insurance Code. Requires individual or group policies of accident and health insurance that provides coverage for telehealth services to provide coverage for: telehealth services at the same rate as in-person services; reimbursement for a telehealth originating site facility fee; and telehealth services from an originating site that is a facility licensed under the Nursing Home Care Act. Amends the Medical Assistance Article of the Illinois Public Aid Code to provide that the medical assistance program is required to comply with the provisions of the Illinois Insurance Code regarding telehealth services.

**Primary Sponsors**
Dan Didech

**Bill Summary:** Requires individual or group policies of accident and health insurance that provide coverage for telehealth services to provide coverage for those services at the same rate as in-person services, reimbursement for a telehealth originating site fee, and reimbursement for telehealth services from an originating site that is a facility licensed under the Nursing Home Care Act. Requires Illinois Medicaid to comply with the same provisions.
Title
Ins Code/Public Aid-Telehealth

Description
Amends the Illinois Insurance Code. In provisions concerning coverage for telehealth services, provides that certain health benefit policies or plans may not exclude from coverage a medically necessary health care service or procedure delivered by certain providers solely because the health care service or procedure is provided through telehealth (rather than requiring certain policies to meet specified criteria if they provide coverage for telehealth services). Provides the requirements of coverage for telehealth services. Provides that an individual or group policy of accident or health insurance that provides coverage for telehealth services delivered by contracted licensed dietitian nutritionists and contracted certified diabetes educators must also provide coverage for in-home services for senior diabetes patients (rather than requiring an individual or group policy of accident or health insurance that provides coverage for telehealth services to provide coverage for licensed dietitian nutritionists and certified diabetes educators who counsel senior diabetes patients in the patients' homes). Amends the Illinois Public Aid Code. Provides payment, reimbursement, and service requirements for telehealth services provided under the State's fee-for-service or managed care medical assistance programs. Provides that “telehealth” includes telepsychiatry. Provides that the Department of Healthcare and Family Services shall implement the new provisions 60 days after the effective date of the amendatory Act. Repeals a provision requiring the Department to reimburse psychiatrists and federally qualified health centers for mental health services provided by psychiatrists to medical assistance recipients through telepsychiatry. Makes other changes.

Primary Sponsors
Nathan Reitz

Bill Summary: Provides that certain health benefit policies or plans may not exclude from coverage a medically necessary health care service or procedure solely because the service or procedure is provided through telehealth. Requires an individual or group policy of accident or health insurance that provides coverage for telehealth services delivered by contracted licensed dietitian nutritionists and contracted certified diabetes educators must also provide coverage for in-home services for senior diabetes patients. Provides for payment, reimbursement, and service requirements for telehealth services provided under the Illinois Medicaid program.

Bill Summary: Requires the Department of Healthcare and Family Services to reimburse crisis intervention services, crisis stabilization services, and mobile crisis response services delivered via telehealth at the approved on-site and off-site place of service codes listed in the Department's Community-Based Behavioral Services Provider Handbook published on October 19, 2018. Effective immediately.

Network Adequacy (1)

Title
Ins-Telehealth Provider Info

Description
Amends the Network Adequacy and Transparency Act. Provides that a network plan shall make available, through a directory, information about whether a provider offers the use of telehealth or telemedicine to deliver services, what modalities are used and what services via telehealth or telemedicine are provided, and whether the provider has the ability and willingness to include in a telehealth or telemedicine encounter a family caregiver who is in a separate location than the patient if the patient so wishes and provides his or her consent. Defines "family caregiver". Effective immediately.

Primary Sponsors
Jacqui Collins

Bill Summary: Requires a network plan to make available information on whether a provider offers the use of telehealth or telemedicine to deliver services, what modalities are used and what services are provided, and whether the provider has the ability and willingness to include in a telehealth or telemedicine encounter a family caregiver who is in a separate location than the patient if the patient so wishes and provides his or her consent.

Online Prescribing (1)
Title
Electronic technology for ophthalmic prescriptions.

Description
Removes the restriction on the prescribing of ophthalmic devices through telemedicine and sets conditions on when a provider may, through telemedicine, prescribe medical devices. Establishes conditions that must be met before a prescriber may issue a prescription for an ophthalmic device through telemedicine. Prohibits making changes and substitutions to a prescription for contact lenses or prescription eye glasses unless under the direction of the prescriber. States that a prescriber is not liable for any damage or injury to an individual resulting from the packaging, manufacturing, or dispensing of the contact lenses or prescription eye glasses unless the prescriber is also the seller. Prohibits the optometry board from establishing restrictive standards concerning the practice of ocular telemedicine or ocular telehealth.

Primary Sponsors
Jeff Raatz, Cindy Kirchhofer, Ed Charbonneau, Mark Messmer

Bill Summary: Removes restrictions on the prescribing of ophthalmic devices through telemedicine and sets conditions on when a provider may, through telemedicine, prescribe medical devices. Also prohibits the Indiana optometry board from setting standards for the practice of ocular telemedicine or ocular telehealth that are more restrictive than the standards established for in person practice.
Title
Mental Hlth Modernization Act

Description
Creates the Mental Health Modernization and Access Improvement Act. Requires the Department of Healthcare and Family Services to apply for a Medicaid waiver or State Plan amendment, or both, within 6 months after the effective date of the Act to develop and implement a regulatory framework that allows, incentivizes, and fosters payment reform models for all Medicaid community mental health services provided by community mental health centers or behavioral health clinics. Requires the regulatory framework to: (i) allow for and incentivize service innovation that is aimed at producing the best health outcomes for Medicaid enrollees with mental health conditions; (ii) reward high-quality care through annual incentive payments to community mental health centers and behavioral health clinics; (iii) require community mental health centers and behavioral health clinics to report on specified quality and outcomes metrics; and other matters. Provides that all documentation and reporting requirements under the regulatory framework must comply with the federal Mental Health Parity and Addiction Equity Act of 2008 and the State mental health parity requirements under the Illinois Insurance Code. Contains provisions concerning quality and outcomes metrics reporting; data sharing; the establishment of a Stakeholder Quality and Outcomes Metrics Development Working Group; statewide in-person trainings to ensure provider readiness for the regulatory framework; quality and patient safety protections; implementation timeline; certification of community mental health centers that opt into the regulatory framework; and other matters. Provides that the Act shall be implemented upon federal approval and only to the extent that federal financial participation is available. Effective immediately.

Primary Sponsors
